EXPERIENCE

Graphic Designer / goFish Advertising

- Crafted and executed multimedia plans for multiple businesses in print, web, and social media platforms, resulting in 3 awards for quality and overall aesthetic
- Collaborated with vendors and print shops to ensure quality
- Proofread and finalized projects for clients

Freelance Videographer / Photographer

- Created a small videography business focusing on weddings and other events
- Composed and edited promotional videos for The Diocese of West Texas Episcopal Church, generating thousands of views within the first month
- Produced music videos for artists with other videographers and editors, resulting in 25 thousand views

Multimedia Internship / Camp Capers

- Produced and implemented a social media campaign for 3 summer camps over a period of 4 months, amplifying brand recognition and exposure
- Partnered with camp management to formulate designs that promote camp values
- Established timelines for posts for all camp properties to maximize presence online
